## CHAPTER 2

---

---

### Tissue Structure/Unit Cell Processes

---

- 2.1 Working/Operational Definitions**
- 2.2 Tissue Composition/Structure**
  - Cells, insoluble extracellular matrix (ECM), soluble regulators**
  - 2.2.1 Structure of the Cell
- 2.3 Types/classification of Tissue**
  - 2.3.1 Tissue Classification
  - 2.3.2 Embryology
  - 2.3.3 Composition of Certain Tissues
- 2.4 Unit Cell Processes**
  - Limitations of the paradigm**
- 2.5 Examples of Unit Cell Processes**
- 2.6 References**
